HAPPENINGS ABOUT CITY TOLD IN BRIEF

The regular Friday evening prayer meeting will be held at 7.30 tonight in the Anne Lee Memorial Home for the Aged.

The July term of the United States Court for the eastern district of Virginia, Judge Edmund Waddill presiding, adjourned yesterday afternoon for the term.

A number of minor cases were disposed of today in the corporation court, judge Robinson Moncure presiding.

Miss Mae E. Cavanaugh and Mrs. H. W. Williams, have left Alexandria for a three weeks' sojourn through the New England states, formerly Miss Cavanaugh's home.

Mr. Grafton Cockey is visiting Miss Dorothy Canter, in Harrisonburg, Va., the home of her parents, the Rev. Harry Canter and Mrs. Canter.

During the summer months The Gazette will go to press at 1 o'clock every Saturday afternoon. News intended for publication on Saturday should reach this office early in the day, otherwise it will have to be omitted.

Mrs. R. M. Tice, wife of the President of the Van-Guilder-Tice Construction Corp of Holley, New York, expects to return to her home Saturday evening, after having spent a few weeks with her parents, Mr. and Mrs. J. E. Wells, of this city.

Ensign Thomas L. Wattles, U. S. N., who has spent the past month, since his graduation from the United States Naval Academy, Annapolis, with his parents, Mr. and Mrs. L. William Wattles, left this week for the U. S. S. Oklahoma.

According to a report made by an old subscriber to this paper the state prohibition inspectors are just now going the limit. The report is that an inspector who recently visited a place near Alexandria poured out a small quantity of wine made by the farmer's wife and also told the farmer that he had no right to make cider.

Mr. and Mrs. Isidore Jalbert will leave tomorrow night for a visit to Mr. Jalbert's former home in Providence, R. I.

Mr. Wiley Hancock., of Wolfe street, has returned from a three days' visit in his former home, Richmond.

The Alexandria Naval Torpedo station baseball team will go to Fort Myer at three o'clock tomorrow afternoon to play the team at that post.

A meeting of the Woman's Auxiliary to the American Legion will be held at 8 o'clock Monday evening with the president, Dr. Kate Waller Barrett, 408 Duke street, when the members of the auxillary and a few invited guests will be entertained by Dr. Barrett. All members are cordially invited to be present.

The alarm of fire about eleven o'clock this morning was caused by the explosion of an oil stove in the three hundred block on north Patrick street. The damage was slight. Two small fires, one yesterday afternoon and one shortly before eight o'clock last night brought out the department.

There was but one case on the docket of the Police Court this morning. A Washingtonian was charged with being drunk. He was helpless when taken in custody, so much so that the officer was forced to transport him in his arms. The accused was in a limp state when he faced court this morning. He acknowledged he secured liquor in Alexandria yesterday, but said he did not know from whom, or the name of the street upon which the vendor lived. The visitor was fined $5.

EIKS WANT MILLION

William M. Abbott, of San Francisco, succeeds Frank L. Kain as grand exalted ruler.

Milwaukee won the baseball championship of the order from Chicago today, 16 to 15.

INSULT TO FLAG

Men From British Warship Tear Stars and Stripes From American Homes

New York, July 9.—City Magistrate John E. McGeehin, who returned today from a ten days' vacation in Bermuda by the steamship Port Hamilton, told how two British sailors from a war vessel in the harbor, and a steward of a merchant man had hauled down an American flag flying from the American House in Hamilton, trampled it and spat upon it on July 4, and how a Bermudian magistrate, before whom the flag insulters were arraigned, merely fined them for disorderly conduct, not even reprimanding them for their treatment of the flag of a friendly power.

Magistrate McGeehin said he and several other American guests of the hotel were sitting on the veranda, celebrating the Fourth chiefly with singing patriotic airs, when the two British sailors and the steward appeared, calmly climbed the pillars of the veranda and tore down the flag, stamping on it.

The Americans reprimanded them and the trio responed by spitting on the flag. Each policeman who was summoned said they could do nothing, as they had no jurisdiction over international incidents. Albert W. Swalm, American Consul at Hamilton, protested to the British Admiralty and the men were arrested. They pleaded guilty to charges of disorderly conduct and were fined three pounds and one shilling each.

Magistrate McGeehin says no reference was made in the court proceedings to the insult to the flag. He declared that he would make a protest to the State Department in the hope that an apolgy might be demanded from the British Government.

AGENTS SEEK PROFITEERS

Harrisburg Pa., July 9.—Headed by Captain John M. McCourt, assistant Federal District Attorney, a squad of Federal agents invaded Harrisburg yesterday to investigate profiteering and found enough evidence to arrest Max and Nathan Katz. The agents also probed charged of 264 per cent profits on clothing lodged against the firm.

The Katz firm was held for trial by Commissioner John A. F. Hall, on charges of selling sugar bought for nineteen and three quarter cents at thirty six cents and of hoarding 1000 pounds of it, ham bought for 38 cents sold at 65 cents and butter bought at 63 cents sold at 80. The firm denied the charges and will stand trial.

$25,000 OF EGGS BROKEN

New York, July 9.—Losses estimated at $25,000 a week through breakage in the handling of eggs in the New York market alone resulted yesterday in conferences here between officials of the State and Federal bureaus of markets, railway and express companies and produce merchants in efforts to devise better methods of handling eggs.

Roy C. Potts, of Washington, representing the Federal Bureau of Markets, said reports of similar losses have been received from Philadelphia, Boston and Chicago. The egg-breaking 'epidemic' is said to have been in progress for the last six weeks, and officials said if more careful handling is not enforced an egg famine may ensue.

Seek Trouble

Jagged Washingtonians Retreat When Threatened

Fourteen white men, each, according to the police, under the influence of liquor, came here from Washington about one o'clock this morning in a huge automobile. They were looking for trouble, and made their intention plain to several Alexandrians who were on the streets at the time. One of the latter secured a vitrified brick which he told the visitors he would use as a specimen of his confetti if they did not move on. Several policemen were drawing near the scene at the time, and the Washingtonians, not desiring to face the police court, opened up their machine and left the city at a speed said to be fifty miles an hour.

THIRD PARTY JOLTED

Single Tax Men Won't Stand for La Follettism, And Threaten to Bolt

Chicago, July 9.—Plans of a group of radical and liberal organizations for one united third party, with candidates for President and Vice-President in the field, received a setback yesterday, when Single Tax party members announced they would not support Senator Robert M. La Follette, who is expected to be the choice of the other groups.

The Single Taxers, who arrived yesterday to prepare for their convention which opens Saturday, declared they would bolt the combine and nominate a separate ticket if the majority choose La Follette. While the Single Taxers were threatened to present their own ticket, Amos Pinchot and George L. Record, of the Committee of 48, were in Madison, Wis., today, conferring with La Follette, who has received a majority of a mail straw vote of the party.

The Committee of 48 and Single Tax conventions open tomorrow, and on Sunday the Labor party of the United States, another prospective member of the proposed third party combination, meets here. The National Nonpartisan League Triple Alliance of the Northwest. National Peoples League of Minnesota, World War Veterans and National Public Ownership League have been invited to send fraternal delegates to the conventions, and later indorse the platform and candidates.

EXPENDITURES BY WOOD-LOWDEN MEN

Negro Committeeman Star Witness Before Committee

RICH PLUMS OFFERED

Lowden's "Peach" Alleges Blacks Are Lynched For Voting Republican Ticket.

Chicago, July 9.—Henry Lincoln Johnson, negro national committeeman, better known as Governor Lowden's "Georgia Peach," was the star witness yesterday before the Senate committee that is investigating the huge expenditures by the Wood-Lowden forces in pre-convention campaigns. He said that between $65,000 and $80,000 was spent for General Wood in Georgia, and admitted that $20.000 of Lowden cash was spent by one agent alone.

Johnson attempted to justify this lavish expenditure by "Republican missionaries" and promises of postmasterships galore to the colored brethren, by introducing charges that white men in Georgia lynched negroes, though even Senator Kenyon, the Republican chairman of the "slush fund" hunters, ready to admit any evidence reflecting on Democratic candidates, couldn't justify the "peach's" irrelevant testimony along this line.

After admitting that he received $9.000 from Illinois, "but not from Governor Lowden himself," Johnson said he spent $7.000 or $8.000 of his own money and $4.000 raised from other sources, adding that the Democrats spent more money than he did.

Senator Reed interrupted with "But you don't care so long as you got $9.000 do you?"

"Not a bit," said Johnson, "but I would need about $50,000 to combat some Democratic candidates down there.

Johnson did not introduce any proof of his assertion that Democrats used corruption funds, but wandered off into a charge that negroes who voted the Republican ticket have "disappeared," backing up this charge by declaring that a negro who voted for Harrison in 1888 had never been heard of since.

"They don't lynch them for belonging to the Republican party do they?" asked Senator Kenyon, Republican.

"Oh, yes, they do," Johnson replied. "Many a negro voting the Republican ticket has disappeared and no tidings have ever been heard of him."

MOTHER BLAMES SELF

Spills Fiery Fluid on Son as She Seeks Remedy for Him

Philadelphia, July 9.—With a white crepe fluttering at the door of the house at 5465 Thomas Avenue, and the body of four year old Jas. Fries in a tiny coffin inside, a heart-broken mother yesterday blamed herself as the innocent cause of her child's death from carbolic acid burns.

For it was the motherly solicitude of Mrs. Verna Fries attempting to ease the pain of her little boy's earache on Wednesday night, that resulted in the spilling of a bottle of the acid which first blinded and eventually killed the child.

"My baby, my little boy. He's dead, and it was I who killed him." the grief stricken mother sobbed, while her sister, Mrs. H. M. Lancaster, with whom she makes her home, tried in vain to comfort her.

The tragic accident occurred early Wednesday night when Mrs. Fries was preparing the child for bed. All day the boy had been complaining of earache, and at bed time his mother took him to the bathroom to get some medicine to alleviate the pain.

As she opened the door of the medicine closet, three bottles came tumbling out, two crashing into the basin below and the third, containing the carbolic acid, falling full into the upturned face of the child.

ATTEMPT TO KILL WIFE

Writ to Issue When Libeled by Millionaire Snow, Declared Revoked

Washington, July 9.—Preliminary hearing of Chester A. Snow, a millionaire patent attorney of this city, and two others who are charged with a conspiracy to murder Mrs. Addis Hubard Snow, divorced wife of the attorney, was opened yesterday in Federal police court.

Harry F. Davis, counsel for Mrs. Snow, testified that he had listened in on a telephone conversation between Mrs. Ena P. Acker, a private detective, and Snow, during which the latter, Davis declared, agreed to plans for "doing away" with Mrs. Snow.

Davis told the court that on July 5 he was summoned to Mrs. Snow's home and that later Mrs. Acker arrived and told them that she had come "to disclose the most horrible plot I ever knew."

She said, according to Davis' testimony, that she had been employed by Snow at first to involve Mrs. Snow by trailing her, shadowing her and being in company with her to get "something on her."

When nothing came of this, Davis quoted Mrs. Acker as saying Snow proposed to Mrs. Acker to get rid of Mrs. Snow—"to get her out of the way by any means she might."

Mrs. Acker's plan, as Davis testified (Mr. Acker explained it to them, was to take Mrs. Snow in an automobile and administer poison or a sufficiently powerful drug, and to have the automobile turned over in a ditch in such a way as to appear as if Mrs. Snow's death was an accident.

Hugh Milton Lungdon has been arrested in the case with Mrs. Acker on the charge that he was to have driven the automobile.

ENFORCEMENT OF ANTI-TRUST LAW

Wholesale Grocery Concerns Defendants in Many Suits

RESTRAINT OF TRADE

Fined $100 Each Day Alleged Illegal Agreements Are Shown to Have Been in Effect.

Topeka, Kan., July 9.—Receiverships, fines and ouster from the State are asked in proceedings filed in the Kansas Supreme Court yesterday against thirty-eight wholesale grocery concerns, under the Kansas antitrust law. The Supreme Court immediately issued an order restraining the companies, officials and employees from removing or obliterating records or correspondence that might substantiate the charges made.

Technically, the grocers are charged with entering a combination in restraint of trade, and it is charged that the alleged agreements not to sell below agreed prices were made through the Missouri-Kansas Wholesale Grocers' Association, of which the defendants are alleged to be members.

In addition to ouster from the State the Attorney-General asks that each concern be fined $100 a day for each day the alleged illegal agreements are shown to have been in effect, and that the court appoint receivers to take charge of all property and business of the defendants.

LARGE SURPLUS

State Had About $4,500,000 After Paying Debts July First

Richmond, July 9.—After the state had discharged all its obligations as of July 1, there was what might be called a 'nifty balance' in the banks of the state to the credit of the Old Dominion. To be exact, the balance was said to be $4,500,000, which is pocket change enough for those who are directing the business of the Commonwealth. But. it is not safe to make demands on this money, as it stands appropriated for roads, schools, court and criminal costs interest, tuberculosis, salaries and the like. It is the general "jack pot" of the state finances, all the funds being included in the balance. At the close of business June 30 the balance was $5,196,362,99 according to the books, and then along came the holders of state securities and extracted a little more than $400,000 for interest charges.

COX TO STATE HIS STAND

Democratic Nominee Declares he Does Not Intend to Dodge Prohibition Issue

Dayton, Ohio, July 9.—Gov. James M. Cox yesterday was asked by Richmond P. Hobson, Alabama dry leader, to make a clear definition of his position on the prohibition issue.

In a telegram from San Francisco, Hobson said a statement from Cox to the effect that he was opposed to any increase in the maximum alcoholic content of one half of 1 per cent as fixed by the Volstead law "would save to democracy millions of voters who hold this question above party success."

The Democratic nominee said that he expected to answer Hobson and the league immediately, and indicated he did not intend to dodge the issue.

PICTURES TO AID HEALTH

One of the Washington papers this morning contained an article stating that the Health Board of the capital city purposes to take pictures of certain places in the interest of the public health.

This brings to mind similar activities in Alexandria several years ago on the part of the Civic League, which was functioning at that time. They made pictures of dirty alleys, trash piles, and of debris generally, which they exhibited at a meeting of citizens. At that time war was waged upon paper which was allowed to be blown on streets by the wind, and for a short period considerable good was accomplished in the way of minimizing unsightly conditions and eliminating nuisances.

The plan to make pictures of nuisances brings to mind the fact that our energetic health authorities, and all others in charge of the city's affairs might study with profit pictures of the exterior and interior of a deserted residence which stands on the northeast corner of Wilkes and Fairfax streets.

Nebuchadnezzar, when the astrologers of Babylon showed their inability to explain a dream of the sovereign, were given a certain time in which to present an interpretation, under the penalty of execution: also to have their homes made "draught houses." The house to which we refer has long since been so utilized, and as time goes on it crumbles, and eventually will be in a tottering state.

The neighborhood in which it stands is a closely packed residential centre. Most of the homes are small and belong to the occupants who not only regard the deserted building as an eyesore, but a menace to health. An attempt was made to burn the house recently, and persons residing contiguous to it are in perpetual apprehension lest an incendiary make another attempt to eliminate a nuisance which should have been abated long ago.

FOUND CONSTABLE ASLEEP

When State Police raided an alleged gambling house at West Fairview, Pa., on a tip that liquor was being sold in the place, they found: First, liquor and gambling paraphernalia; second, one perfectly good constable asleep on a couch; third, one alibi from said constable which the police decided did not hold water, even if they suspected the "alibi maker" of containing something more powerful.

There were many men in the place when State Police broke in. On a couch, slumbering stentorously was Constable Stair. He awakened with a start, glimpsed the grim visages of the State Police and immediately began to explain. He disclosed his badge and said he was in the place "getting evidence." His captors congratulated him on his hardihood in venturing in alone, but nevertheless escorted the brave constable to jail at Carlisle. There, with the rest of the prisoners, he waited until he obtained bail.

HONORABLE INCUMBRANCES

Occasionally the newspapers of certain cities contain articles from distressed fathers and mothers who too often experience difficulty in obtaining homes from the fact that they have little ones. "No children" are the freezing words so often seen in advertisements or houses or apartments to let.

The young Jewish woman who brought forth the greatest of all beings entrenched her celestial child in a manger, "because there was no room for them in the inn."

A distressed mother sends the following to a Baltimore paper:

"I am one of those poor unfortunates hunting an apartment or house for rent. I have folowed up a dozen or more advertisements, and have had the door actually slammed in my face because I have four children. It has cost me a considerable amount in car fare chasing these ads. Why would it not be a goovd scheme for papers to insist that an advertiser state children or no children in his ad. and thus save so many useless car fares and much time and walking and also embarrassment to a woman who should evidently be isolated because she dared to bring boys and girls into the world. There seems to be plenty of places for dogs and cats, but no open doors to children. Can nothing be done about it, or must I take my family out of the State to other cities where landlords are prohibited from barring children?"

THE WATCH OF THE RHINE

Bismarck, in his arrogance, when asked, when trouble between England and Gerany seemed probable, "What would you do should the British troops invade a certain Teuton section?" "I would notify the police," replied the man of iron and blood.

The Stars and Stripes are flying in Coblenz, the "Gibraltar of the Rhine" proclaiming in no uncertain terms that the great nation of the west has recognized its mission amongst other nations of the world in behalf of justice and civilization. Wildest flight of imagination a few years ago could not have pictured Ehrenbreitstein held by Americans as a pledge of good conduct on the part of misled Germany.

Faithful execution of requirements of the nations who fought in righteousness for the welfare of the world, demanded that these colors be unfurled with the allied watch on the Rhine.

The presence of occupying armies is itself one of the severest punishments that can be administered a defeated nation. What then is the lesson to be drawn from America's participation with the allies in exacting from Germany faithful compliance with the imposed conditions by maintaining a force of 16,000 soldiers on the Rhine?

This military holding proclaims the fact that states obsessed with the lust of conquest and a disregard of the rights of others must reckon with America—that our participation on the Rhine, like our entrance into the war, is for the welfare and justice and liberty, and that under the Stars and Stripes no selfish policy or ambitious aim is concealed.

NO COAL SHORTAGE

Assurance of an adequate supply of coal to meet all domestic requirements during the coming months has been given by George H. Cushing, managing director of the American Wholesale Coal Association, who declares in a statement that reports of an impending coal shortage were unfounded. The public, he said, is panic-stricken without reason or excuse.

"There is no shortage of coal," Mr. Cushing stated. "There is no danger of any such shortage. Therefore there is a reason, but no excuse for the current high prices in the open market. The reason is that we have had too much governmental agitation of the danger of a famine."

WOULD CURB APPARATUS

Members of the Wilmington, Del., Council declare that something must be done to stop the speeding of fire apparatus on the streets of the city and that Council does not propose to purchase machines for fire chiefs to be smashed up in runs to fires.

The Council is of the opinion that it is not necessary to run to fires at such a reckless speed as has been maintained in the past and will endeavor to break up the practice of having fire apparatus dash through the streets as rapidly as the machines will run.

MUST ANSWER TODAY

"Yes" or "No" Reply Demanded of Germany on Treaty Provision

Spa, Belgium, July 9.—Premier Lloyd George, on behalf of the Allies, offered the Germans, yesterday afternoon, to extend to October 1 the time for the reduction of the Germany Army to 150,000 men and until January 1, 1921, to the 100,000 men provided by the Versailles treaty, and also to allow the Germans to retain certain troops in the neutral zone temporarily. The Germans were given until noon today to reply whether they would formally accept the Allied terms.

Premier Lloyd George said that after the three days of discussion on the question it must be closed immediately. The treaty had not been executed, he asserted, and instead of 100,000 rifles there were three million in Germany and six times as many machine guns as the treaty allowed. The Allies had not insisted on strict execution of this clause of the treaty, Mr. Lloyd George continued, because they recognized the difficulties Germany was encountering. The discovery of hidden airplanes and aircraft material, however, had caused suspicion.

YOUTH DIES FROM WOUND

Slain as He Was Going From Friend's Home, is Last Statement

Norfolk, Va., July 8.—Bernard Ryan, 18 years old, shot by E. J. Spivey, at the latter's home Monday night, died yesterday morning at St. Vincent's Hospital. The bullet entered the boy's stomach and perforated his intestines.

The shooting, according to Spivey, followed Ryan's refusal to leave the Spivey home when requested to do do. Spivey says he had warned the boy to stay away from the house and had reported the matter to the police. Records at police headquarters confirm this.

Ryan in an antemortem statement said he visited the Spivey home upon the invitation of Spivey's stepson, and that when he was shot there were several people in the room with him. Mrs. Spivey, who Ryan said, is 60 years old, says Ryan was sitting in her room when Spivey came home and the latter ordered him out. He started out and she heard a shot. Then she was told Ryan had been shot.

MOB SHOOTS NEGRO DEAD

Escaped Missouri Convict is Accused by White Girl

Centreville, Mo., July 9.—Fred Canafex, an escaped negro convict, was shot to death by a mob of whites near here late Wednesday. Canfex is alleged to have assaulted a daughter of Frank Simmons, a farmer residing near Ellington, Tuesday night.

Canafex escaped from a prison road camp near Ellington Tuesday. Shortly after his escape was discovered the Sheriff of Reynolds county heard that the girl, a rural mail carrier, had been waylaid and attacked by a negro.

A mob of armed farmers located Canafex and riddled his body with bullets. The Sheriff posse, organized to prevent violence, was impotent against the infuriated mob.

Canafex was sentenced to prison for 20 years in 1914 on charges of first degree robbery.

Contractors' Association Takes Stand Because of Strikes

St. Louis, July 9.—The Building Industries' Association composed of contractors, employing about half the 4,000 carpenters in the city, yesterday announced that only non-union carpenters would be hired by its members pending settlement of wage disputes.

A number of union carpenters are on a strike because the association refused to increase their wages from $1 to $1.25 an hour.

BRYAN'S HEART

Commoner Quotes Shakespeare and Hesitates to Accept Ticket

Portland, Oreg., July 9.—William Jennings Bryan's heart is still "in the grave" as a result of the outcome of the Democratic convention in San Francisco. The Commoner said yesterday when he arrived here that he wished to deliberate before announcing whether he will support the Democratic ticket during the coming campaign and election.

"I stated at the close of the convention that it had taken more than the usual time in selecting a candidate and that the voters would have about four months to decide between candidates. I shall take a part of that time for deliberation before making any announcement," Bryan declared.

"I took refuge in an oft quoted passage from Mark Anthony's speech as given by Shakespeare. Paraphrased it fills my case: "My heart is in the grave with our cause and I must pause until it comes back to me."

Safeguarding the Investor

Number Four of a Series

Investors frequently find it difficult to decide whether to buy bonds, preferred or common stock.

There is no general rule which will enable one to decide this question wisely.

A bond, of one company may be a poor investment while the common stock of another may be a safe as well as an exceedingly profitable investment. The mere fact that an investment is a bond does not necessarily give it the desired safety.

Generally speaking, however, additional safety is offered to the bondholder by reason of the fact that he is a creditor and his principal must be returned to him in case of liquidation before any payment is made to the stockholder, who is in the position of a partner.

The stockholder on the other hand while sharing in possible reverses also participates in the success of the corporation through increased dividends, while the bondholder because of his prior lien is limited to a fixed rate of interest.

In determining the safety or desirability of bonds, or preferred or common stock, the investor will find it to his advantage to consult with an Investment Banker whose experience and reputation assures an able and unbiased opinion.

CALOMEL HORROR TOLD BY DODSON

You Don't Need to Sicken, Gripe, or Salivate Yourself to Start Liver

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling splendid. It is perfectly harmless so give it to your children any time. It can't salivate.

SEARCH OUT THE GERMS OF RHEUMATISM

Find Out What Causes Your Suffering and Go After It.

Some forms of this disease have been found to come from tiny germs in the blood, which set up their colony in the muscles, or joints and begin to multiply by the million. You can easily understand, therefore, that the only intelligent method of treating such cases is through the blood.

S.S.S. is such a thorough blood purifier and cleanser that it can be relied upon to search out all disease germs and impurities and eliminate them from the system, and this is why it is such an excellent remedy for Rheumatism.

Go to your drug store and get a bottle of S.S.S. today, and if your case needs special attention, you can obtain medical advice free by writing fully to Chief Medical Adviser, Swift Laboratory, Atlanta, Georgia.

WILD MAN RUNS AMUCK

Cutlery Shop in His Pocket's Used in Slashing Public and Police

Chicago, Ill., July 9.—A wild man from North Platte, Neb., ran amuck yesterday morning in the loop, slashing bystanders, Elks and traffic policemen with a knife. A traffic officer at Clark and Randolph streets, first saw the man when he was arguing with a chauffeur.

Without provocation, the Nebraskan drew a knife and made a lunge for the chauffeur. The policeman leaped on the assailant's back. Both rolled to the sidewalk. The policeman wrested the knife away, but the wild man had more cutlery. He slashed the blue coat across the arm and ran up Randolph street, followed by a crowd.

Herman Techer was among those who gave chase. As he was about to pounce on the fugitive the latter turned, a knife flashed in the sunlight and Techer lost his left ear. Here Tim Donovan, another of Chicago's finest, took a hand in the affair.

Dodging the next thrust, he worked his way into a good opening and finally had the wild man at his mercy. At the police station the prisoner said he was John B. Todd. He owned a ranch at North Platte, he said, and had come to Chicago to attend the Elks' convention.

THE VOLSTEAD ACT

Officials and Defendant Allege They Do Not Understand Instrument

Boston, July 9.—A United States commissioner and an assistant United States district Attorney yesterday declared they did not understand the Volstead act.

Fred Reed, of Lawrence, at a hearing before Commissioner William A. Hays, on charges of selling whisky, was asked by Assistant United States Attorney Lewis Goldberg if he had ever heard of the Volstead act. The defendant replied:

"Yes, but I don't know what it means," to which the attorney responded that he did not need to be ashamed because "we are all in the same class." The Commissioner, leaning over from the bench added:

"And I'm in that class too."

Reed, who said he was keeping store for a druggist friend when a man entered and asked for some whisky for a sick relative, was held for the grand jury. It developed that the man who bought the liquor was a Prohibition Enforcement agent.

KIDNEY REMEDY FOR 40 YEARS

A PRONOUNCED SUCCESS

When kidney diseases have been successfully treated for a period of more than forty years, it is reasonable to assume that the remedy therefore must possess unusual merit. Such is the remarkable record of Warner's Safe Kidney and Liver Remedy. Without its ability to give relief and benefit its users so that they would continue its use, it could not have existed 40 months, much less 40 years of its enviable record. Many letters have come to us to prove that it has been a household remedy for years and years. Here is what one grateful woman has recently written:

"I wish to say that your remedies have been used in our family for fifteen years. We are never without a bottle of Warner's Safe Kidney and Liver Remedy in our home, and it has saved many a doctor's bill. It is a wonderful medicine for all diseases of the kidneys and liver."—(Signed) Florence E. Schmidt, R. F. D. No. 1, Dunkirk, Ohio.

For the elimination of poisons due to impaired kidney action. Warner's Safe Remedy was famous for 25 years before this woman so judiciously began its effective use There are thousands of people who realize that their general health depends upon their kidneys and have found Warner's Safe Kidney and Liver Remedy a reliable family medicine. Forty years ago it was name "Safe" because it is SAFE absolutely; equalizing the work of both the kidneys and liver. Satisfactory results are obtained in the most severe cases and it sold by Gibson's Drug Store. A sample sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. 638 Rochester, N. Y.

LAST SUFFRAGE CHANCE

Louisiana House Refuses to Suspend Rules to Permit Action

Baton Rouge, La., July 9.—Efforts to suspend the rules of the House of Representatives of the Louisiana Legislature so as to act on the suffrage amendment before adjournment of the session last night failed yesterday, the motion being voted down, 52 to 46.

The attempt to have the Legislature reconsider its action in refusing to ratify the amendment was made following the receipt of a telegram by the chairman of the State Democratic Committee from Governor James M. Cox, the Democratic Presidential nominee, in which the Governor expressed the opinion that the Legislature owed it to the Democratic party to ratify.

Rutland, Vt., July 9.—Governor Clement, returning to his home here yesterday for the firs ttime since his conference in Washington with Senator Harding regarding a special session of the Vermont Legislature to make possible ratification of the woman suffrage amendment, said he was still undecided as to a special session.

A SENSIBLE INVESTMENT

The most sensible way to invest your money is to keep your property in good condition and to have a home which will make your family comfortable and other buildings which will properly house your belongings.

You get the direct benefit from money invested in this way from day to day, in addition to the actual increase in the value of your property.

There have been some reductions in the price of lumber by the mills and we are reducing our prices to meet these, regardless of the cost of the different items we have in stock.

FORD AND THE PRESIDENCY

Florida Friend Who is Delegate Says He Would Accept Nomination

Chicago, Ill., July 9.—Widespread ramifications of the new third party came to the surface last night and revealed a network of political lines that reach far into organized labor, farmers' associations, single tax organizations, the Nonpartisan League and to the far extent of a grapple hold on world war veterans.

Alliances have been in process of formation with farm and labor organizations throughout the country and last night representatives from all walks of life including the clergy are here completing plans for a political merger.

With the third party convention to meet here Saturday several candidates either are in the race, or are suggested, to oppose Senator Harding and Gov. Cox for the Presidency

The real bolt from the blue heaven heaven came last night when announcement was made, that Henry Ford, Democratic contestant for the seat held in Congress by Senator Truman H. Newberry, the latter under prison sentence for election corruption, will accept the third party nomination if tendered to him.

HOW TO AVOID JAR BREAKAGE

Do not place cold jars, either filled or unfilled, in hot water.

Do not place hot jars in cold water

Do not overpack jars which are to be processed. Some products like corn, pumpkin, peas, lima beans, and sweet potatoes, swell in processing. Pack jar only to within one half inch of top.

Do not allow draft of cold air to strike jars when they are removed from the canner.

The wire bail should not fit too tightly or the jar will break when the lever is forced down.

All new jars should be tempered before using. To do it, put them in cold water sufficient to cover them and bring to a boil.—United States Department of Agriculture.

MOVIES

INGOMAR— Dorothy Gish

The picture at the Ingomar theatre tonight is all Dorothy Gish, but that is sufficient. This lively little star has developed the knack of being side-splittingly funny to perfection and as a screen commedienne of a new and delightful type she stands alone. "Turning the Tables," her latest vehicle, is quite a few steps this side of the custard pie school of picture comedy, but in rapid-fire fun it rivals some of those old-timers that Charlie Chaplin used to make. "Lost City" also shown.

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, **don't** cut down the amount of lighting again—**shade** the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket—in every room from cellar to garret—use only

EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
